

Over 800 Bodies Taken From Ruins; 2,500 Injured Have Been Treated

BIG SERIES TO START ON OCT. 5; NAT'L WINS T O S S

CHICAGO, September 22.—The world's series will start October 5, it was decided today, the first game being played on the home grounds of the National League team.

In the event either Pittsburgh or Cleveland should finish first, two games will be played in the National League city, the next two in the American League town and so on. Both New York teams are at present leading the league.

The details of the series were arranged today at a meeting of the league presidents with Judge K. M. Landis, baseball commissioner.

President John Heydler, of the Nationals, won the toss and the first game for his league.

Leslie O'Connor, secretary to Judge Landis, tossed the coin and Ban Johnson, president of the American League, called "heads." It fell "tails."

The commissioner and the league presidents fixed the prices for the series at from \$1.00 to \$6.00.

If one or both New York teams win the series will be \$1.00 in the bleachers, \$3.00 for unserved seats in the upper grand stand, \$5.00 for the lower grand stand reservations, and \$6.00 in the boxes.

In the event Cleveland wins, boxes will be \$6.00; reservations, \$4.00 and \$2.00; pavilion seats, \$2.00 and general admission \$1.00.

Nine games may be played, it was decided the series going to the winner of five. If a ninth game is played, and one of the teams outside of New York is in the series, a coin will be tossed to decide the city.

Found Telephone Girls' Home

MISS JULIA O'CONNOR, INTERNATIONAL PRESIDENT OF TELEPHONE DEPARTMENT OF ELECTRICAL WORKERS.

4,000 Hello Girls Own Estate In Country

BY ALICE ROHE
CITY, MASS., Sept. 22.—Miss Mary E. June, president of the Boston Telephone Union, received news in the old Colonial mansion, "Hillway," which with its broad acres belongs to Miss June and the 4,000 other telephone operators of Boston.

As she surveyed the scene with telephone girls walking over the rich green lawn, she explained how it felt really and truly to own such a splendid property.

"I guess it's the first time a telephone union of girls ever purchased property and owned it as a union," she said. "We girls have been treated very kindly by people, but we came to feel we were patronized too much. So we began to think of getting a place of our own."

The home, which stands a monument to a big feminist step, is one of the beautiful landmarks of Scituate, 20 miles from Boston. It is more than 200 years old and on a house 32 girls, "You see," explained Miss June, "it isn't only for girls to come here and spend their vacation. It is for girls who are overworked. While children are not permitted here in the summer, mothers may come here for their vacation in the winter. And as for brides—there isn't a telephone girl who has been married in the past year who hasn't come to Hillway."

"We bought the house a year ago and gave a house-warming on Labor Day."

In the fertile brain of Miss Julia O'Connor, then president of the Boston union, and now president of the international union, the house-buying was fostered and the site selected.

Dances and banquets were given till enough money was raised.

Miss O'Connor, now abroad studying labor conditions, led the recent Boston telephone girls strike to victory.

Miss June, who succeeded Miss O'Connor, came from being the strength that comes from union—is the education of the individual.

"Our owning and operating this house is a pretty big evidence of woman's economic independence and expression."

BAR MEN AT THE ARBUCKLE HEARING

SAN FRANCISCO, CALIF., Sept. 22.—The preliminary hearing of Rose E. (Fatty) Arbuckle on a charge of murder in connection with the death of Miss Virginia Rappe, before Judge Sylvain Lazarus, occupied the attention of all connected with the case today. Men were excluded from the hearing under an order issued last night by the authorities ruling that as Judge Lazarus' court is a women's court room, no men, except witnesses, court officials and newspaper reporters, should be admitted.

The prosecution will endeavor to prove at the hearing, District Attorney Matthew Brady has announced, the contention that Arbuckle attacked Miss Rappe in his suite of rooms in the Hotel St. Francis September 5, and caused injuries which resulted in her death four days later. The complaint charging murder and under which Arbuckle has been held in jail without bail, was sworn to by Mrs. B. M. Delmont, friend of Miss Rappe, and one of those who attended the film comedian's party.

Brady said he believed the preliminary hearing would occupy at least three days.

"The prosecution will take a little over a day to put in its testimony and I expect the defense to take about as long," he said.

Many Witnesses To Testify

The witnesses subpoenaed for today's hearing are as follows: Dr. Shelby Strang, acting autopsy surgeon, who performed the autopsy on the body of Miss Rappe.

Dr. William Ophuls, who performed an autopsy in company with Dr. William Russell, Miss Rappe's physician.

Mrs. E. M. Delmont, complaining witness against the comedian, and friend of the dead girl.

Miss Alice Blake, one of those who attended the Arbuckle party.

Miss Zeh Prevost, former moving picture actress and one of those who attended the party as Arbuckle's guest.

Miss Grace Halston, nurse who attended Miss Rappe up to the time of her death.

The preliminary hearing will be held on a charge of murder, but it is within the discretion of Judge Lazarus to fix the degree of crime he believes Arbuckle to be guilty of under the evidence. Arrangements were made to open the hearing at one p. m.

Arbuckle Held The Key

LOS ANGELES, CALIF., September 22.—Only Rose E. (Fatty) Arbuckle himself had the key to the cellar of his residence here, according to Miss Katherine Fitzgerald, housekeeper for Arbuckle, in testimony given to Ralph Camarillo, assistant district attorney.

Miss Fitzgerald said, according to Camarillo, that she understood Arbuckle's cellar was "generously stocked" with liquors, that he alone whether he had taken any with him when he started for San Francisco on the trip which resulted in his arrest for the alleged murder of Miss Virginia Rappe, film actress; and that while she arranged for the payment of other household expenses, she never had seen a bill for liquor among them.

Camarillo stated Miss Fitzgerald's statement checked the evidence already in the possession of federal officials who were investigating the source of the liquor drunk at the Arbuckle party in San Francisco.

Co-ed To Become Forester

CAROLINE KESSINGER

STATE COLLEGE, Pa., Sept. 22.—Caroline Kessinger, forester.

This is the profession for which this Pennsylvania State College freshman is preparing herself.

First she wants experience as a forester's ranger. Later she expects to become a forestry engineer, engaging in great reforestation projects.

Miss Kessinger has the health for the work. She didn't miss a day during her four years' attendance at State College high school, from which she was graduated last June.

When the college forestry students told her, "We had tried rattlesnake for dinner three times a week at our summer school," she wasn't fazed.

"If you can stand it," she said, "I can. What does it taste like?"

TOLL OF THE EXPLOSION DISASTER INCREASES

PARIS, September 22.—Up to this morning 850 bodies had been recovered from the ruins at Oppau where the plant of the Badische Anilin Company blew up yesterday, it was announced in Mayence dispatches.

Injured persons, to the number of 2,500, had been attended. It is reported, added the dispatches, that the explosion occurred during experiments for the compression of a new gas, the qualities of which had not been fully ascertained.

MAYENCE, GERMANY, September 22.—(By the Associated Press)—French troops and volunteer workers toiled through the night in the ruins of the Badische Anilin Company's war-born chemical plant at Oppau, where hundreds of workmen were killed by an explosion yesterday morning. Estimates of the number dead, range as high as 1,500 early today, but definite figures were obviously impossible.

The scene of the explosion was more than three miles from Mannheim but every window of that city was shattered by the concussion. A 14 shock was felt in towns 50 miles away. There were hundreds of workmen at or near the ill-fated plant at 7:30 o'clock when the explosion occurred and there were wild rumors regarding the loss of life yesterday and last night. These could not be confirmed but it appeared certain that the casualty list would be appalling. Immediately after the blast, every means of rescuing injured and bringing out the dead were utilized but several minor explosions prevented workers from entering the grounds for a long time. Great clouds of chemical fumes hung over the ghastly scene of ruin, and the first men to enter the place were compelled to wear gas masks. The fumes spread as far as Mannheim and Ludwigshafen, and tended to heighten the fears of the frightened people.

An investigation of the explosion has been ordered by the authorities, but those who have visited the ruins declare there is little upon which a finding can be based. The buildings of the Badische company have disappeared, and only a great hole in the ground marks the site of the main structure. It is a theory of those familiar with the plant that at least two gasometers exploded and that nitrogen compounds stored in the buildings or in process of manufacture were detonated. Nitrogen products are unstable as a rule and it is believed the first explosion which was relatively light, set off great masses of chemicals. Another theory is that a nitrogen tank let go and that four others were set off by the concussion.

Order is being maintained in the town of Oppau and vicinity by French soldiers, that district being within the French zone of occupation.

This is the second time Oppau has been destroyed. In 1883 a dam burst above the town and the place was swept by a wall of water.

General de Goutte, in command of French forces of occupation, went from this city to Oppau and immediately sent for the sanitary staff of the army on the Rhine. He has organized kitchens to feed the families of victims of the disaster and the high commissioner has given 75,000 marks to the workers' syndicate to alleviate distress.

TEN MILLION DOLLAR LIBEL SUIT OPENS IN CHICAGO

CHICAGO, September 22.—The million-dollar libel suit of the city of Chicago against The Chicago Tribune, opened today with counsel for the city asking the court to uphold a general demurrer based on the constitutional right of the freedom of the press.

Argued the demurrer would have the effect of wiping out the suit on the basis of insufficient evidence.

The suit involves the question of whether a newspaper may be used for libel to the extent of its total value, or whether it be put out of business, if the suit is won.

The libel action grew out of statements made by The Tribune in the last election, criticizing the present administration for the manner in which municipal finances were handled.

The city contends that the articles contained editorial expressions on which the city based damages of \$10,000,000 for the loss of municipal bonds.

America Seeks To Avoid Atmosphere Of Feverish Expectations On Arms Meet

BY DAVID LAWRENCE
(Copyright, 1921, by Times Pub. Co.)
WASHINGTON, Sept. 21.—The United States government is anxious to avoid the creation of an atmosphere of feverish expectation concerning the success or failure of the forthcoming conference on the limitation of armaments and far eastern questions.

Cautionary word was passed out from government sources today in the hope of offsetting any impression that the success of the conference is absolutely essential to the future well-being of the United States.

"Our government will get along no matter what the outcome of the conference," was the way it was expressed. "We are simply laying all cards on the table in a simple and straightforward way. We want to avoid spectacular effects. The development of anything like super-interest would be a mistake for we can continue to function with or without conferences."

No Delicacy In America's Position

The significance of this attitude is simple that so many people are beginning to speculate as to what will happen in the world if the conference should fail to agree. Would it mean a race for armament supremacy? Also it has been suggested that if some of the powers got the idea that the United States cannot afford to have the conference break up without achieving results, America would be in an awkward position.

Guest Describes Arbuckle Party

NEW YORK, Sept. 22.—Lowell Sherman, motion picture actor, questioned today by District Attorney Swann at the request of District Attorney Brady of San Francisco, expressed willingness to return to San Francisco when needed for the trial of Rose E. Arbuckle.

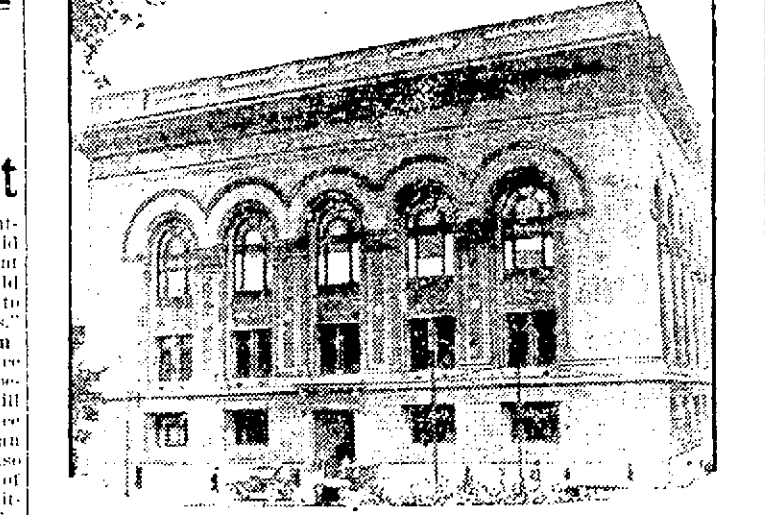

Sherman, located in his New York apartment after eluding detectives who sought him on a train which brought him from Chicago yesterday, came to the district attorney's office today with a detective. After he had been questioned, District Attorney Swann telegraphed District Attorney Brady as follows:

"Sherman appeared today under the district attorney's subpoena. He made a full statement which will be forwarded in tonight's mail. He expresses willingness to return to San Francisco when need for the trial."

In his statement to District Attorney Swann, describing the party in a San Francisco hotel where Virginia Rappe was killed, Sherman said:

HARDING AND WILLIS SETTLE PATRONAGE SCRAP

WASHINGTON, D. C., September 22.—What was described as complete agreement to clear up the Republican patronage row in Ohio was reached today at an hour's conference between President Harding and Senator Willis.

Under the agreement, it is understood that Senator Willis will withdraw his opposition to the nomination of Charles H. Nauts, as collector of internal revenue for the Toledo district and that a state of other appointments acceptable to all groups of the party will be closed in the very near future.

Nauts, whose confirmation has been held up for several weeks by the Ohio senator, is understood to have been selected by the president on recommendation of Walter E. Brown, chairman of the government reorganization committee and opponent of Mr. Willis for the senatorial nomination last.

What's The Matter With Us, Anyway?

R. M. ANDERSON, JR. PRESIDENT CHASE NATIONAL BANK, NEW YORK, ANSWERS QUESTIONS FOR THE TIMES.

BY R. M. ANDERSON, JR., Economist, the Chase National Bank.

The root of our troubles is in Europe, and it is difficult to see how we can have really good business in the United States until conditions in Europe improve. But we can have much better business than we now have, in the absence of improvement in Europe, as we complete our domestic road program.

During the period of intense activity when we were shipping goods to Europe in unprecedented volume, we neglected our public utilities and very especially we neglected to keep up our housing facilities.

There is a great volume of deferred construction which will create effective demand, and which even in the world war, are due to arrive here Saturday according to word received at the quartermaster's department at Columbus Barracks. The bodies will be sent to their homes in various parts of the state.

CELEBRATE EMANCIPATION DAY

Portsmouth's colored population, that is, a big majority of it, turned out today to celebrate the fifty-eighth annual Emancipation Day, the scenes of special celebrations being at Coney Island and Millbrook park.

For the crowd at Coney Island a fine program had been prepared by a committee that had been at work several weeks arranging details of the afternoon's entertainment. The program proper started at two o'clock with John W. Evans as chairman in charge.

The opening feature consisted of a musical number by a mixed choir led by Fred G. Minor, with Mrs. Mary Housen as organist. Rev. J. H. Smith had the invocation, after which the Emancipation Proclamation was read by Mrs. John W. Evans. Music by the choir and addresses by Rev. C. E. Chandler, George D. Selby, Rev. R. B. Reed and Prof. E. M. George followed the scheduled program. The benediction was given by Rev. Grant Metcalf.

Besides the program there was to be races and contests of various kinds for the younger people and children.

The stunner J. P. Davis made regular trips from the foot of Chillicothe street to the island all afternoon. Several hundred were in attendance at the celebration, the boat being well filled at each trip.

The committee in charge consisted of Rev. R. B. Reed, president; Rev. J. H. Smith, vice-president; Charles E. Johnson, secretary; William G. Lons, treasurer; and an executive committee including John W. Evans, chairman, Rev. W. H. Ruffey, Rev. J. H. Smith, Rev. W. E. Watson, Rev. Grant Metcalf, Rev. Gabriel Johnson, Shepard Kearns, Louis S. Minor, Crawford Washington, Walter Brown, and Dr. E. W. Hubert.

At Millbrook park another celebration was held with a trio of young colored men in charge of the park. The main feature of the celebration there was a baseball game between the Portsmouth Buckeyes and the fast colored nine from Ashland. The ball game started at 2:30 o'clock and there were a number of colored persons on hand to witness the contest. The skating and dancing floors were turned over to the colored persons for the afternoon and evening. Basket ball and other games were played by a majority, while others will return home early in the evening.

The committee in charge of the Millbrook Park celebration includes: Troy Jamison, Paul Melvin and Reece Robinson.

Williams Boys Buys Puttee Factory

Announcement was made today that Graves Williams, Forest Williams and Paul Williams have purchased from the Excelsior Shoe Company, the company's puttee factory at Front and Jefferson streets. Although interested in the new business Paul Williams will continue on the road for the Excelsior Shoe Company, the puttee factory business is to be looked after by Graves and Forest Williams, who have been at the plant for the last few weeks getting first hand information on the manufacture of leather puttees.

The Excelsior Shoe Company started in the business of manufacturing puttees about three years ago, and it has steadily grown until now the present factory is putting out a considerable number of pairs of leather puttees each week.

R. E. Scott, who has been general manager and Frank Hamby, assistant to Mr. Scott, under the Excelsior Shoe Company, will continue their work under the new owners, who are hustling young men and are sure to develop the business on a much larger scale.

TURN FOR BETTER IN STEEL

CLEVELAND, O., September 22.—The Iron Trade Review today says: Hope of a definite turn for the better in iron and steel is growing stronger as each week continues to furnish additional evidence of a well liquidated situation and the gradual return of confidence. New buying and shipments in total keep up in larger volume but there is no uniformity in the improvement and conditions range from weakness to moderate strength depending upon the particular product. The best showing is in the lighter lines, such as sheets and wire. Mahoning Valley steel mills this week have increased their operations from 51 to 70 percent which is the best record since January. The largest producer of sheets also is on a 70 percent basis this week. Wire mills now are working against a heavy tonnage of orders recently collected. Tin plate has developed a heavier demand than expected from food packers and oil interests. Outstanding price developments this week have further emphasized the unsettled condition of the market. While the independent sheet mills were on a tonnage advance of 50 percent, the tube mills led by the National Tube Co. were reducing prices in this line 85 to \$11 per ton. Prior to the reduction some round tonnages of line pipe were booked by certain mills at a concession of \$5 per ton from the list, then effective. Similarly it is understood that ill-cut concessions were made by some wire makers before the recent advance of \$2 to \$3 per ton was announced.

The Iron Trade Review's composite index of fourteen iron and steel products is lower this week, standing at \$34.88 compared with \$35.58 one week earlier.

To Erect Big Warehouse

Many wagon loads of face brick and pavers are being hauled to Garfield Addition on Gallia street opposite Garfield school. They will be used in the construction of an office building and big warehouse for contractors S. M. Jones & Sons Company. Work on the building will be started in a few days and there are plenty of brick already on the job to keep a big force of men busy for some time. The work of making the big fill in this addition is about completed.

HOME COMING IS A BIG SUCCESS

The second annual Home Coming, held at Porter church Sunday proved to be a great success.

The morning meeting was greatly enjoyed, being given over to talks by three men: Rev. Cunningham of Portsmouth, Captain Phillips of Portsmouth, and Rev. Shackleton of S. P. Creek.

At the noon hour an old fashioned basket dinner was held on the grounds. About two hundred persons enjoyed this part of the day. The \$34.88 compared with \$35.58 one week earlier.

Hearing Continued

Dwight Russell, 22, of 1112 Twelfth street, pleaded not guilty of a charge of assault and battery upon Louis E. Hagan, Italian contractor, when arrested in Monday night. Hagan's attorney, Judge Starnes, continued the hearing until Friday, as he also has been busy with other cases.

At the hearing, Russell's attorney, Frank Russell, pleaded that his client was a victim of a mob and that he was being held against his will.

Complaint Dismissed

Pauline Saunders, a colored woman from the North End, appeared in Municipal court Thursday and denied guilt of assaulting Louis Furlin, 141, a confectioner, on Twelfth street last Monday during a dispute over the quality of some chewing gum which she had bought from Furlin. After hearing from both sides, Judge Sprague dismissed the complaint for lack of convincing evidence.

Beer Bill Is Before Senate

WASHINGTON, Sept. 22.—The beer bill got before the Senate today by a vote of 31 to 22 after Chairman Borah of the finance committee had sought to have the tax revision bill taken up first. Senator Borah said while he was not entirely ready to proceed with the revenue measure, progress could be made by reading the bulky document.

Senator Sterling, of South Dakota, in charge of the beer measure, notified the Senate that he was ready to proceed with the conference report, and on a motion to take it up, advocates of the beer bill won.

Raise Price On Products

PITTSBURGH, Pa., September 22.—The American Sheet and Tin Plate Company, a subsidiary of the United States Steel Corporation, today announced an increase of \$5.00 a ton in the price of its principal products, over the extremely low prices which have prevailed for the last three or four weeks.

The increase was brought about, steel authorities said, by a substantial demand.

ADAMS COUNTY TO GET FARM AGENT

A. J. McConville, Burns City, is without a county agent. The county board of Adams County, Mo., has decided to send a representative to the National Farm Agents' conference at St. Louis, Mo., to be held in November. It was decided that a representative should be sent to the conference, and an effort will be made to secure a permanent county agent for Adams County.

Says Jones Threatened To Kill Her If She Left City

Henry Jones, colored, employed at the Universal garage, Ninth and Chillicothe streets, was brought into Municipal court Thursday to meet a peace warrant sworn out by Mrs. Gay Robinson, who claimed that the defendant had bought a revolver and had threatened to kill her if she attempted to leave.

The woman said she was preparing to go back to her husband in West Virginia and that Jones had refused to permit her to remove the furniture from her home at 1017 Thirteenth street. The evidence disclosed that Jones had been a "star" boarder at the woman's home for several months and he admitted that he liked Mrs. Robinson, but he denied threatening her or interfering with her moving her furniture. Jones was dismissed with a warning not to pull any "gun stuff" and an officer was sent to see there was no outbreak while the couple divided up their effects.

TO DEPRIVE WILSON OF BIG PURSE

JERSEY CITY, N. J., Sept. 22.—The New Jersey boxing commission today decided to deprive Johnny Wilson, middleweight champion of \$35,000 he was to have received for his Labor Day bout with Bryan Downey, of Cleveland. Wilson was accused of failing to put forth his best efforts in the contest, and found guilty by the commission.

Tex Rickard was directed to place the money in trust until the commission has established its legal authority in such action.

Wilson was not present at today's meeting, but was represented by counsel.

TO TESTIFY AGAINST ALLEGED THIEVES

Thomas Newman, Rachel Cunningham and Grace Shellenberger, employees of the Selby Shoe company, will leave this week for El Paso, Tex., where they will testify against three young men, who are accused of stealing \$400 worth of shoes from the Selby Shoe company.

SOCIETY

Local friends have received word of the marriage of James Pearce and Miss Edith Helderger, which took place at the bride's home in Indianapolis this morning. Mr. Pearce is connected with the Big Four railroad in Indianapolis and his bride has been employed in the same office as private secretary to one of the head officials. After a wedding trip East, Mr. and Mrs. Pearce will reside in Indianapolis.

The Ladies of the B. of L. E. and E. met in regular business and social session Wednesday afternoon in the Training Hall, on Gallia avenue. Following the business meeting, a delightful social session was held, during which time Mrs. Ella Cooper was honored with a miscellaneous shower of poetry and appropriate gifts. Mrs. Bert Stratton, Mrs. Andrew Kenu and Mrs. John Huddins were the committee on entertainment. Before the meeting adjourned, a dainty refreshment course was served.

Miss Helen Nesper of the Excelsior Shoe company, who has been visiting in Pittsburgh, has gone to New York, where she will spend the balance of her vacation.

Mr. and Mrs. H. M. Baker of 1722 High street, returned Wednesday from a ten days' outing at Buckeye Lake.

Mrs. Owen Watson, of Hammond, Indiana, is the guest of her parents, Mr. and Mrs. J. L. Watkins, of Timmonds avenue.

The Juniors of the First Baptist church will meet at the church tomorrow afternoon at four o'clock. Miss Edna Newman will have charge of the children for fifteen minutes, after which Mrs. Frank Pulsing will tell them a story. Each child is requested to bring a pencil and notebook with them. All children of the church are cordially invited to attend this meeting.

The Players were entertained this afternoon at the home of Miss Lena Hancock on Twelfth street. Enough tables of bridge, at the close of the games Miss Hancock served a dainty refreshment course to the members and the following guests: Miss Edna Martin, Miss Margaret Legler, Mrs. Owen Watson, of Hammond, Indiana, Mrs. John L. Grimes of Akron, Mrs. Arthur Carey of Elmfield, W. Va., Mrs. Paul Williams, Mrs. Harry Rogers and Mrs. J. Frost Davis.

Mrs. James R. Dattel entertained the members of the Six Hand League Club this afternoon at her home on Ninth street, with all the members and two guests present. The afternoon was spent in playing 500, after which a delicious supper was served to the following club members: Miss Edna Martin, Miss Margaret Legler, Mrs. Owen Watson, of Hammond, Indiana, Mrs. John L. Grimes of Akron, Mrs. Arthur Carey of Elmfield, W. Va., Mrs. Paul Williams, Mrs. Harry Rogers and Mrs. J. Frost Davis.

Mrs. Frank Apple's Sunday school class of Trinity church will meet this evening at the home of Miss Pauline Jones, 1722 Eighth street. As this is the first meeting of the new year, a good attendance is desired.

Miss Helen Haldeman is coming home Saturday from Wheeling, W. Va., where she has been visiting her brother-in-law and sister, Mr. and Mrs. Nelson Whitaker. She will be accompanied home by her small nephew, Nelson Whitaker, Jr., and Mr. Robert Whitaker.

Cards from Mr. and Mrs. Frank Reicher and Mr. and Mrs. Ernest Reicher, who are coming Canada and the Eastern states, tell of a delightful trip they enjoyed to the Thomas and Elmhurst and Montreal. They have not experienced the slightest automobile trouble as yet, and are enjoying their sight-seeing trip immensely.

A jolly crowd of young folks enjoyed a picnic on the hills back of Wheelersburg Thursday evening. A blazing fire was built and the young folks amused themselves with "s'mores."

Miss Elizabeth Mingo, of Bond street, has recovered from an operation she recently underwent for the removal of her tonsils.

"Mr. Zero" Of Auction Block For The Jobless May Lease Home

NEW YORK, September 22.—"Mr. Zero of the auction block," today expressed his plans for helping the jobless by starting negotiations for the lease of a five-story building on Front street, capable of housing and feeding 1,000 men.

In addition, he hopes to have the churches throw open their homes to the unemployed and is planning to call on Bishop Manning, of the Protestant Episcopal Diocese of New York with this purpose in mind, he began tonight and early to recruit an army of human exhibits to show the church men that his proposals were worthy of aid.

Appearing in Cooper Square at 7:40 a. m., he distributed circulars to nearly 200 former service men, war workers and general laborers now out of jobs. He explained that he would take these men with him to the grounds of the Cathedral of St. John the Evangelist, where he planned to present Bishop Manning that the 200 were war veterans and leaders but zealous workers.

The Rev. Clifton Macdon, pastor of All Souls' Church, today sent to a newspaper a check for the amount he had planned to pay for tickets for the coming world's series and asked that the money be used to feed hungry men and women. He suggested that a world's series between teams including second be held for the aid of the unemployed.

To Hold Mass Meeting To Demand Work

CHICAGO, September 22.—A mass meeting to demand work or a federal unemployment allowance equal to at least 75 percent of current wages will be held Sunday afternoon in Washington Square Park by the American Metal Workers of America. It was announced today.

The meeting will be in support of a program for the relief of the unemployed, which the metal workers have submitted to congress. The plan calls for a minimum of \$20 a week for all unemployed workers, the allowance to be raised by a tax levied on all salaries and incomes in excess of \$2,000 a year that is derived from non-productive sources.

At the park's bureau it was said that no applications had been made for a permit to hold the mass meeting and that if one is made, it probably would be denied. No permits have been issued for similar meetings planned in the past, the bureau said.

Suspect Held In Murder

DETROIT, Mich., September 22.—Williamone man was being held in the Cass county jail at Cassopolis for investigation in connection with the murder of William Moore, his wife and daughter Neva, at Dowagiac, Mich. today for another man against whom suspicion was directed by his attention to the daughter. The identity of the man sought here was withheld for Cass county officers said he was a resident of Detroit and visited Dowagiac last Saturday, the day the murders occurred. He had threatened to kill his wife and daughter Neva, threatening him with death, it was said.

Sherriff Sherman Wyman of Cass county, was expected here today to aid in the search.

Meanwhile deputies at Cassopolis were questioning Herbert Smith, a resident of Dowagiac, who was arrested yesterday at Kalamazoo. Smith is said to have admitted his family is on unfriendly terms with the Moore, but to have contradicted his knowledge of the tragedy.

Group 9 of Trinity Ladies' Aid Society met Wednesday afternoon at the home of Mrs. T. M. Moore of 1017 Twelfth street with eight members and one visitor present. The election of officers resulted as follows: Chairman, Mrs. W. T. Hill; secretary, Mrs. C. T. Cranford; treasurer, Mrs. E. C. Hood; first vice-president, Mrs. H. W. Monson; second vice-president, Mrs. J. P. Pundum; third vice-president, Mrs. Belle Smith. Plans were made for a Christmas bazaar to be held in connection with their regular Thanksgiving dinner on the Thursday before Thanksgiving. During the social session refreshments were served by Mrs. Moore, assisted by Mrs. O. L. Penner.

Mrs. Robert G. Bryan entertained the members of a little club to which she belongs, with an all-day party Wednesday at her home on Sixth street. She had planned a delightful party at her country home on the Grand Vista Pike, but the rain interfered with her plans and it was decided to hold the celebration at her home. The affair was arranged for the pleasure of Mrs. William Herr, of New Mexico, who is visiting her sister, Mrs. Albert Visher.

The guests played 500 all day, stopping long enough at the noon hour to enjoy a delicious picnic dinner which included all the good things of the season. A dainty refreshment course was served later in the afternoon, after which the guests departed for their homes "at the end of a perfect day."

Jesse Stevenson and Miss Charlotte Grayson were married in the parlors of the First Episcopal church Wednesday morning by the pastor, Rev. Samuel Landmesser.

Mr. and Mrs. C. L. Williams of Columbus are the guests of Portsmouth relatives and friends.

Miss Elizabeth Mingo, of Bond street, has recovered from an operation she recently underwent for the removal of her tonsils.

Oil Workers Are To Strike

NOTED EVANGELISTIC SONG LEADER WILL ASSIST IN UNION SERVICES

Mr. Charles Wierand

The hundreds who attended and enjoyed the union evangelistic meetings which the Demarest party conducted last spring at the First Presbyterian and Bigelow M. E. churches, will be interested in the preliminary announcement of another series of union services which will begin on Sunday evening, October 16th, and continue three weeks.

It is their good fortune to be able to secure for this particular period the services of a noted chorale director and song leader, Mr. Charles Wierand, who has had wide experience in managing the musical end of revival meetings, institutes and conventions throughout the country for a number of years. Mr. Wierand will make the music the outstanding feature of the meetings, and will also, out of his wide experience, direct the special campaign which accompanies it.

The preaching will be done by the two pastors, Rev. Dr. C. E. Chandler and Rev. D. C. Boyd, alternating according to a plan of their own. Both churches will be used as before in the services.

The congregations are taking hold of the plan with vigor and enthusiasm and far-reaching results are anticipated from the series.

COURT HOUSE

Taken to Reformatory

Four men who recently pleaded guilty in Common Pleas court to indictments brought against them by the grand jury and were sentenced to the Mansfield Reformatory were taken to the prison Thursday by Sheriff Ricker. The quartet and the offenses for which they were sentenced were: Louis Webb, abandoning legitimate child; Wesley Purtee, larceny; Will Jackson and Walter Robinson, negroes, burglary.

Jenkins' Applies for Parole

Melvin Jenkins, a Scioto county prisoner confined at the Ohio penitentiary who has filed application for his release on parole, was sent up in May 1920, on his plea of guilty of a charge of grand larceny in connection with the wholesale theft of bicycles in this city. The application will come up for hearing at the next meeting of the Board of Clemency.

Suit for Material

James Pfeiffer, local building contractor is made defendant in an action instituted in Common Pleas court Thursday in which The Portsmouth Clay Products company seeks to recover judgment for \$2500.10 with interest alleged to be a balance due on an account for material furnished H. H. Kays, sub-contractor, in the construction of the additions to the Garfield school building in 1920. The claim is made that Pfeiffer, as the main contractor, is liable for the material furnished Kays, and the defendant's attorneys, George E. Krieger and Phelps C. Lee, are made party defendants in the suit which was filed through Attorney E. G. Miller.

Must Make Petition More Definite

Judge Thomas made an order Thursday in the divorce suit of Walter Baisdon, Rarden farmer, against his wife, Ora May Baisdon, allowing the defendant \$25 for the purpose of making her defense and the court also sustained in part a motion offered by the wife's attorneys, Bannan and Bannan requiring the plaintiff to make his petition more definite and certain by stating how and by what means and in what manner she had neglected him.

Withdraw Denial Guilt

When C. C. Withrow, Seaside man appeared before Judge Thomas in Common Pleas court Thursday morning he pleaded not guilty to an indictment brought against him by the recent grand jury charging him with shooting at with intent to kill Thomas N. Woods, alleged New Boston "fly cop" on the night of June 12. The defendant was released on bond pending trial and he will be defended by Attorney E. G. Miller.

Authority Granted

An order was made by Judge Thomas in Common Pleas court Thursday authorizing the Madison township trustees to transfer \$200 from the Poor Fund and \$200 from the Cemetery Fund to the Road Fund in order to take care of a deficiency in the latter fund. The application was presented by Prosecuting Attorney Sheppard.

Answer is General Denial

The answer of the defendant filed Thursday through Attorneys Bannan and Bannan to the suit of E. W. Purdy and the Phoenix Insurance company against the N. & W. Ry. Co., company amounts to a general denial.

The answer admits that Purdy's home at Leesville together with furniture was destroyed by fire and that the insurance company paid him \$1700 for the loss but denial is made of the claim that the fire was caused by sparks from a passing locomotive owned and operated by the defendant.

Fiscal Account

The first and final account of Mark Crawford as administrator of the estate of J. H. Kinsman, deceased, filed in probate court Thursday shows receipts of \$297.31 all of which was distributed.

Lyons Granted Divorce

Wallace Lyons, Jefferson township farmer was granted a decree by Judge Thomas in Common Pleas court Thursday divorcing him from Rachel Lyons. The decree was granted on the grounds of wilful absence after the evidence showed that the wife deserted Lyons more than six years ago because she was dissatisfied with farm life in Jefferson township, and has since failed to return. The plaintiff was awarded the legal custody of their several children now living on the farm. Lyons was represented by Attorneys Miller and Seal.

Develops Spinal Meningitis Following Hazing

MARION, O., September 22.—The condition of Bird Jacoby, 18, Ohio Wesleyan University freshman, who developed spinal meningitis following a hazing administered by upper classmen at Delaware, was reported to be slightly better today though his condition still was said to be serious. A Columbus physician administered serum treatments yesterday afternoon. The boy was thrown into a small lake as part of the hazing process, and physicians say the shock sustained probably brought on the disease.

J. W. Jacoby, the boy's father, is president of the Ohio Wesleyan Alumni Association. He was graduated from the university 25 years ago.

British Firm In Dealings With Valera

LONDON, Sept. 22.—Prospect of a conference between Sinn Fein representatives and members of the British cabinet at an early date were dashed today to be less hopeful as a result of yesterday's consultation between Prime Minister Lloyd George and several of his ministers at Galileo. Several of this morning's newspapers reflected this view, and reports from political correspondents at Galileo generally agreed that the minister showed a more rigid attitude toward southern Ireland.

Prime Minister Lloyd George, according to the Daily Mail, is taking an unbending attitude in the face of the latest Irish commutation and is supported by his colleagues. The London Times, however, remarks that yesterday's meeting severely represented all shades of opinion in the government, and it expresses the opinion that for this reason Mr. Lloyd George desires to consult all members of his cabinet before replying to Mr. de Valera.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the itching, itching up and leaves the skin clear and smooth.

If eczema fails to relieve the torment and discomfort. Sufferers from skin trouble should get a little jar of Menthol-Sulphur from any good druggist and use it like cold cream—advertisment.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of Hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of Pepsin pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the Bismarck form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Advertisement.

200 Gridders Answer Call

COLUMBUS, Ohio, Sept. 22—More than 200 candidates for the Ohio State University freshman football squad answered Freshman Coach Treutman's call for practice.

This is the largest number of youngsters that has ever reported to a coach here. Some of the youthful gridders have good high school records and are expected to do much when called upon to train and serve with the varsity.

The varsity squad was put through another scrimmage by Coach Wiley. The whole team is getting hardened and commencing to look fit.

Police News

A finding of guilt was made by Judge Sprague Wednesday in the case of Sylvanus Toler and Roy Ostron, Blue Run youth men, charged with hunting and possessing squirrel out of season, but the circumstances were such that the court decided he was not warranted in imposing a penalty and taxed the costs against the accused.

The defendants, stoutly declared their innocence and through Attorney A. C. Woodrow gave notice of their intention of presenting error to the higher court. The alleged offenses occurred on August 27, and the principal witness for the state was Oscar Kieley, former railroad detective.

Dear Miss Wise—I wish you would print a way to earn beans and also to make good chow-chow.

YOUNG HOUSEWIFE

Canning String Beans—String as many beans as wanted and cut into inch lengths. Wash, drain and pack into glass jars. Put one scant teaspoon of salt into each jar. Fill the jars with boiling water. Leave the tops off and set the jars on a rack in the bottom of your wash-boiler. Have enough water in the boiler so that it will reach about half way to the top of each jar. When the beans are tender when pricked with a fork, remove cans from boiler, fill each with boiling water until each is full and seal. The important thing to be considered in order that the beans will keep well is to have the jars, covers, and rubbers all well heated when sealed.

Chow-Chow—On cold meat days chow-chow comes in very handy, taking the place of a salad or more expensive appetizer. Enough of the pickle can be made for a very small sum to last all winter. Chop one peck of green tomatoes, six onions, three small heads of cabbage, one dozen green peppers with the seeds of each kind removed. Sprinkle with salt and put in a bag coarse enough for the liquid to drain through. Hang the bag over a wide pan and let the draining go on all night. In the morning put the drained vegetables into a porcelain lined kettle with two pounds of brown sugar, one-half teaspoon of grated horseradish, and one teaspoon each of ground black pepper, mustard, white mustard seed, pure and celery seed. Cover with pure cider vinegar and boil till clear. Seal hot in jars with tightly fitting covers.

BABY BORN ON PEACE DAY

After Mother Had Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Salisbury, Mass.—"For seven years I had a female trouble and such bearing-down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound, and my baby was born on 'Peace Day.' If women would only take your Vegetable Compound they would have better health. I always recommend it."—Mrs. Tracy Patten, 2 Lincoln Ave., Salisbury, Mass.

The experience of maternity should not be approached without careful physical preparation, as it is impossible for a weak, sickly wife to bring healthy children into the world.

Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness, or "the blues" she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

A WIFE IN THE MAKING

BY PHYLLIS PHILLIPS

CHERRY FIGHTS ALONE

For once Cherry did not go to her friend Laura King with her troubles. The girl instinctively felt that this was an issue she alone could settle. There were times when even the beloved Laura could do nothing.

How she ever managed to sit on in that room full of chattering women after the blow had descended she never knew, but sit on she did. With her head held high, too. The small talk had gotten on her nerves, and it was with a sigh of relief that she watched her friends walk down the path at last after a long hour of agony.

Late that night found Cherry turning the midnight oil in the peaceful solitude of her room. Seated before a table, with Mrs. Letters' strown upon it, musingly reminiscent of his love for her, she read over and over his avowals of devotion until the tears made her put them aside.

Bravely and fairly then she faced the situation. Those letters of Ned's had been written but a bare eight

Kellogg's Corn Flakes snap up fussy appetites something wonderful!

No coaxing needed these days to tempt family folks and visitor folks to eat a plenty—not when there's a big pitcher of cold milk or cream and lots of Kellogg's Corn Flakes—and, maybe some handy fresh fruit—ready to tickle tickle palates!

Kellogg's are unlike any corn flakes you ever ate! They're the original kind—they ought to be best! No other corn flakes are so deliciously flavored; no other corn flakes retain such wonder-crispness till eaten!

Kellogg's are always a delight to serve—and a treat to eat at any meal! In fact, you'll never know how good corn flakes can be until you know KELLOGG'S! The difference is astounding!

Do more than ask for Corn Flakes—say KELLOGG'S CORN FLAKES! Don't accept substitutes!

She is here to answer any and all questions concerning love, matrimony troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I live in this city and would be more than glad if you would give me some information concerning heirs, as I have no children, just my husband and I, and we own our little home and the deed of our home is made in my husband's name and my name isn't mentioned in the deed, and I have been told by people who pretend to know the law of this state, that I could not hold but one-third of our home, and then his brothers and sisters would come in and get the rest. That is, if he makes no will. I don't know much about the law of this state, but I think it would be very unjust if they could come in and get a share out of our property, as we have worked for every cent of it ourselves, and I have worked as hard as he has for it. So, Dolly, won't you please explain this to me.

A WORKING WOMAN.
If your husband does not make a will, you will take the entire estate. However, if you still feel uneasy about his relatives coming in for their share, why don't you persuade him to make a will. It would save a lot of trouble for all concerned if he and every other person who has anything to will would will it to the one they want to have it.

Wheelersburg, O.—Dear Miss Wise—Please tell me if a girl 15 years old, who has completed the course of study of the elementary schools of Harrison Township rural school district, in 1920, can be made to go to school when she is needed at home to work?

THANK YOU!
Call on County Superintendent E. O. McGowan and explain your case to him. If you are entitled to a certificate to leave school he will give it to you.

Dear Miss Wise—I read with interest the piece in last evening's paper from "Worried Jack," and would say to him if he only knew how some people

GIRLS! LEMONS WHITEN SKIN AND BLEACH FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orlean White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.—advertisement.

Miss Dolly Wise—To settle an argument, will you please tell me the price of a full page advertisement in the Saturday Evening Post? Also its circulation.

BRANDEL CAR SKIDS OFF ROAD

A touring car driven by Earl Brandel, of the Davis Drug Company, skidded in an accident on the towpath road between Waverly and Phoenix Tuesday evening. It was near the edge of the road when it skidded, causing the machine to slide down the bank a short distance. It is thought that a recent fall may have caused the accident. In the machine with Brandel were Mr. and Mrs. Will Cargill, District Deputy was unable to Brandel and John and Harry Brandel, attend.

Question of Moving Market Place
Is Placed In Hands of Committee

Several measures providing for improvements were passed and considerable other business was crowded into the two hour session of council Wednesday night. President George Vandervort presided and all members, with one exception, were present.

The meeting was late in starting, due to several members being tardy. The result of a misunderstanding in respect to a rule adopted last spring at the time Daylight Savings was adopted, fixing the hour for convening at seven o'clock, instead of seven-thirty, as formerly. The rule was allowed to stand and the city legislative body will meet at seven o'clock in winter as well as in summer.

The presentation of petitions from property owners and business men in the vicinity of Gallia Square requesting that the market be left at its present location and also from proprietors of market stands protesting against the proposed plan of changing the place of holding markets to Market street, brought on quite a discussion during which members stated their views for and against the proposition.

Some members regarded the proposed change as a safety measure as it would eliminate fire hazard in the business district and also go a long way towards relieving congestion of traffic there. Others opposed making a change taking the position there

would be little gained as automobiles would park there in the event of no market and the same congested condition would obtain.

Fire Chief Robert Leeson suggested that moving the market stands entirely to the south side of the esplanade would go a long way toward relieving congestion on the north side and at the same time lessen the danger of accidents of the department in making runs in that vicinity. Mayor Gableman pointed out that a "sleeping" in the traffic ordinance passed a few months ago eliminates the Gallia street market if it was enforced. He stated that the sponsors of the measure had this in mind when it was drafted and by agreement paid several hundred dollars for the legal advertisement, expecting to get something for the money expended. The matter finally went to the committee on markets and Chief Leeson for a report. It was stated in this connection that a petition is now being circulated urging that the market be changed to the East End.

Water Works Manager George P. Shute submitted a report on the condition of the water main at Dammarin Hill and also a splendid report on the progress of the installation of water meters and the consumption of water.

Members Westphal offered a motion that efforts be renewed to induce G. H. Hulsch to permit the temporary water line to remain on his land, but after it was stated that the latter demanding that the pipe be removed, the motion was withdrawn and the work of taking up the pipe was ordered to proceed without delay. It was pointed out that the main line at that point is now in as good shape as ever before and that the leaving of the temporary main there would serve no purpose.

Legislation was passed authorizing a bond issue of \$1,500 to pay the cost of building an adequate road leading to the Union street ferry and \$8,000 bond issue to provide funds for repainting the old motor fire trucks. Now that one ferry landing has already been improved and provision made for improving the other, the committee on wharves was requested to take up the question of increasing the license fee landing.

An ordinance was passed creating four additional graduate nurses for Hempstead hospital at a compensation of \$3 a day. It was explained that the nurses were to be employed only when necessary and that the condition was brought about by the lack of student nurses at the hospital.

A communication received from Postmaster Vallee Harold urging the erection of street signs in Scitoville to meet the requirements of the postal department for carrier delivery mail service in that territory was referred to the service department with instructions to post the necessary signs without delay.

An ordinance was passed appropriating \$2,100 to pay the cost of constructing a storm sewer on Baled avenue in order to relieve a bad situation there. A measure was also passed authorizing a bond issue of \$13,000 to pay the cost of opening up Seventeenth street, from High street to Mahert Road. It was announced in this connection that the property owners had donated \$600 towards the cost of the improvement.

Member Wigthorst stated that the

Daylight Savings problem had caused much confusion and inquired of the solicitor whether or not it was too late to seek a referendum on the question at the coming election. He thought it a good idea to let the electors settle the question instead of having weeks of debate on it before council each spring. The solicitor or no other person present was able to furnish the desired information.

Moore, appointed as a member at the time the new Fifth ward was created, the clerk was requested to get in touch with the member and ascertain his intention in respect to holding the place or resigning. While liking the association of a man like Mr. Moore it was stated that the ward should not go unrepresented for the remainder of the year and that a new member should be appointed to take Mr. Moore's place should he decide to step out.

To Attend State Conclave

About one hundred knights and ladies from the Calvary Commandery No. 13 Knight Templar of this city will make the trip to Cleveland to the annual State Conclave to be held in that city on October 12th and 13th. The local delegation will leave here on Tuesday, October 11th, and will make the trip by special car. While in Cleveland they will be quartered at the hotel Stadler and the Conclave Committee for the local Commandery are making great preparations for the trip.

The Cleveland Commanderies are noted for the way in which they entertain their Conclave visitors and those going are planning to have the time of their life.

The Calvary Commandery expects to have about seventy-five swords in line in the big parade on Wednesday noon. The delegation will return home Wednesday night, although some are planning on making a trip to Niagara Falls and other points of interest along the Great Lakes.

Mock Wedding Is Enjoyed

A mock wedding was the feature of the entertainment program offered by the J. D. F. A. M. last evening when members of the Daughters of America and families and friends of the Junior leaders were guests. A short business session was held, after which the entertainment was given. Refreshments were served at the conclusion of the entertainment.

The mock wedding came as a big surprise to the assembled guests, who were fully expecting the usual program of readings, recitations and songs.

Much to their surprise, the wedding principals came into view with the necessary bride and groom and minister, accompanied by the bridesmaid, best man, ringbearer and flower girls.

Frank Patton was the bride, "Miss Sallie Greenleaf" and "She" carried a bouquet of cabbage and dillies. The handsome best man, "Mr. Henry McGrease (Morris Thatcher)" was accompanied by his best man, "Mr. Jess Grease" (George Dixon). The bridesmaid was "Miss Vera Slipp" (John Lawhorn). Then came the "little" ringbearer, "Miss Grace 'Shush'" whom no one recognized, but who was Pete Quickel. Then the flower girls, "cute" they could be, were C. B. Grouniger and George Graham, posing as the "Messos Helen and Mae Hunt." The minister as important as the others in the party and looking his importance was "Rev. Mr. Merryman" (Frank Schmidt). The wedding march was played by Mrs. Mae Davidson.

The committee in charge of the entertainment included Frank Schmidt, E. W. Quickel and Earl Bluntz.

The membership campaign just started is progressing nicely and a big class is expected to be ready for initiation late in November or early in December.

DEATH MYSTERY Baffles Police

The Huntington Herald Dispatch this morning said: "A body of three cities last night found themselves at loss as to the identity of the slayer of Dave Fisher, a taxi-driver, whose body was found with two bullet holes in the head lying near the Port Ridge and not far from the entrance to the Country club grounds at ten o'clock yesterday morning. Even the police for the killing was a matter of speculation."

Developments in the mystery during the day included the finding of a blood-stained seven-passenger Jordan touring car in Caledonia, identified as the one the slain man drove away from a taxi stand in Charleston at 6:20 o'clock last night, and a statement made to Caledonia police that two men had been seen in the car in that city at 1 o'clock this morning.

Another development, evidently considered of importance by the police, centered when Fisher's skull was opened at the direction of Dr. E. B. Gierach, coroner, in the Johnson Undertaking Company morgue here this afternoon. The examination revealed that Fisher had been struck a blow, possibly with a hammer, on the right side of his head that had shattered the skull in a section as big as a dollar, and would have in itself likely produced death. That this blow was struck before the two shots were fired into his head is thought likely.

The bullets were also removed from the head during the autopsy. They were neither steel jacketed, nor lead.

CARD OF THANKS

We desire to express our deepest gratitude to the many kind friends and neighbors for their sympathy and floral offerings in the death of our beloved husband and father, also Undertaker J. R. Morton, and Brother Joseph Fannin, the Lee Lumber Co., and Modern Woodmen of America.

plays the part of Elsie Kirkwood, a young wife who uses woman's finest and most disturbing weapon, in defense of her husband. It is a photodrama whose power is as pronounced as the charm of the star.

Two Big Feature Shows Start Tonight For Three Nights At The Eastland Theatre With Mae Allison in the Best Picture of Her Career, "The Last Card," and Mack Sennett's Latest Bombshell of Joy, "Hard Knocks and Love Taps." With An All Star Sennett Cast.

A woman's instincts, intuition, sixth sense—call it what you will—can sometimes solve a full murder mystery where the machinery of logic, as employed in the minutions of the law fails. That is the unusual theme at the core of "The Last Card," to be shown at the Eastland Theatre tonight as the feature attraction for a run of three days. Those who know what Bayard Veiller has done in "Within the Law" and "The Thirteenth Chair," two of the strongest melodramas ever produced in America, will be interested in the announcement that "The Last Card" is a Bayard Veiller production released by Metro. It bears the stamp of this great wizard of the drama, and stands out prominently as one of the finest pictures seen in a long while. Added to this is the fact that May Allison has the starring part.

Committee Goes To Wheeling

M. M. McGhee, James Dawson and A. L. Craig left Thursday for Wheeling, where they will hold a joint conference with committees representing union steelworkers there, who are out on a strike. They are affiliated with the Amalgamated Association of Sheet Metal and Tin Workers. These committees are planning to hold a conference with Whitaker, Glasser officials, whereby they may adjust their difficulties and return to work. The local committee will not return from Wheeling before the first of next week. Its appointment was made at a well attended meeting of the local branch of their union Wednesday.

Parent-Teacher Association Plans For Aiding Pupils

At an interesting meeting of the Parent-Teachers' Association at the Eleventh Street school Wednesday afternoon, several important items of business were discussed. The Association is to take steps to provide a small library of books for the pupils. The library to be at the school. Plans were also discussed for a musical recital to be held in the near future with Mrs. Pettit Brown as the musician. Money realized from such an entertainment will be for the benefit of the Association, and part of the proceeds will be used in paying for the proposed library. There were about twenty members present with the President, Mrs. N. W. Standfield, in charge. At the conclusion of the meeting a refreshment was served by the teachers.

Give Details Of How To Fight Corn Borer

County Agent Walter F. Gahn is in receipt of detailed information regarding the corn borer that is proving so disastrous to corn in northern Ohio counties and in Canada, along the lakes. The information is from T. H. Parks, extension entomologist at Ohio State University, the information being sent broadcast through the corn belt of Ohio so that steps may be taken now to prevent the insect getting in its deadly work in this section. A visit to corn lands in Canada this month disclosed a three acre patch of sweet corn which was practically a total loss. No ears were harvested. The stalks were all collapsed and bent over as a field would appear after being bogged down during the winter. Borer were found between almost every joint. Worm damage was followed by mould and rot. One of the best looking fields of flint and dent corn early in the season is also a total loss. It was cut, raked and burned and the stubble plowed under in an effort to kill the borers. Late planted corn was found to be less damaged than early planted corn. Sweet corn was much more severely damaged than field corn.

The best methods found in control work include: Cutting of corn close to the ground and as early as possible. Using entire crop for silage, especially sweet corn fodder. Shred or cut corn stalks before feeding. Burn or plow under uncut corn stubble before May 15. Fall plowing should be thoroughly done and heavy rolling of stubs before plowing is preferred. Nearby woods or grass should be burned. Crops should be planted a little later.

The warning sent out by Mr. Parks and his department is that the insect cannot be exterminated and will gradually penetrate the corn belt. This warning is to prepare growers in order to reduce losses to a minimum. The above mentioned practices and such others as may be determined upon will probably be incorporated into the general farm practice as the need for them is necessary.

Says He Was Fouled, Frush Is Now Claiming The Title

CLEVELAND, Ohio, Sept. 22.—The claim that he had been deliberately fouled several times by Jimmy Frush of Baltimore, who was knocked out by Johnny Kilbane last Saturday, in the contest for the featherweight championship, issued a signed statement today in which he claims the title. He said he wasn't only fouled in the first round when Kilbane hit him in the groin with his knee, but later on when the champion continued fighting after the bell had rung and Frush had dropped his arms.

Frush explains that he waited with his statement until the public had a chance to see moving pictures of the bout. He contends he should have been declared the victor in the first round or counted out, alleging he would have been counted out if the referee did not think he had been fouled.

"I therefore think I am entitled under all the rules of the game to the featherweight championship of the world and hereby proclaim myself to be such," the statement continues. "I am now ready to defend that title against any and all comers."

LYNCH TO CHALLENGE WINNER

NEW YORK, Sept. 22.—Johnny Lynch, featherweight champion, will go to the ring against Baltimoreweight champion Pete Herman, Friday night weighing 116 pounds. It was announced at his Jersey City training quarters today. Herman will make 118 pounds.

Joe Lynch who won the bantamweight crown from Herman and then lost it back again, returned today from Main woods where he has been training. He said he would seek an early return engagement with the title holder.

SWIMMER IN WATER NINE HOURS

BOVER, ENGLAND, Sept. 22.—Henry Sullivan, of Lowell, Mass., who yesterday afternoon, made a fifth attempt to swim across the English Channel, was obliged to abandon his effort before reaching the French coast. When he decided to give up the attempt, he had reached a point 12 miles off this city. Sullivan was forced to abandon his swim because of the coldness of the water, after swimming nine hours. He was taken from the water at 11:30 o'clock last night.

The New Boston eleven is going to be a hard one to get in the best possible shape for Ironton Hi.

FOOTBALL NEWS

OXFORD, O., September 22.—Bob Weiche, lineman on last year's Ohio State University western conference champion football team, has been named as assistant football coach at Miami University, where he will help head coach George Little, former Wesleyan star, whip the team into shape.

MARIETTA, O., September 22.—Fred Wohl, quarterback on the Marietta College football team, sprained his ankle during practice yesterday and will not be able to play in the opening game here Saturday against Marshall College. Coach Shively was unable to say who will fill his place.

Johnny Cox, former Marietta center, has returned to school after being absent two years and is out for the team.

DELAWARE, O., September 22.—Coach Gauthier is drilling his old Wesleyan team behind closed gates in preparation for the opening contest with Ohio State University at Columbus, October 1. The team is reported in good shape and is hard at work with signal practice and scrimmage every day.

AIR, O., September 22.—The first cut was made in Ohio Northern's football squad yesterday when Coach Bacon reduced the number of candidates from fifty-six to thirty-nine. According to the present line-up the backfield will average around one hundred and sixty pounds and the line one hundred and ninety-five. A practice game has been arranged with Bluffton for Saturday.

GRANVILLE, O., Sept. 22.—Doody Field, the new athletic grounds of Denison University, will be formally opened here on October 1 with the football game against Butler and Denison, according to Dr. Clark Chamberlain, president of Denison University. The new field was dedicated to the university by Colonel E. A. Doody, of Dayton, one of the directors.

Fine Card At Columbus

COLUMBUS, O., September 22.—Unless rain intervenes again as has been the case the last two days, Grand Circuit racing will be resumed here today.

Tuesday's card, called after two hours had been raced, with one of yesterday's scheduled events and the attempt of P. for Manning to break the world's trotting record of 1:58 held jointly by him and Urban will make up today's card.

Competition events for today were announced as follows: The Capital City stake, 2:45 class trot, \$2,000; the M. and M., 2:11 class trot, \$1,000; the Horse Review Futurity for three-year-old trotters, \$5,000; 2:07 pace, \$1,000; 2:15 trot, \$1,000.

planship of the city decided. The results of the games had the effect of tightening up the race among the four teams in the second division. Those four the Senecas, Terminals, Second Trinity and York Park teams, are now tightly closely matched, only one game and a half separating them. The Terminal Second and York Park teams are tied for tenth place, and will play each other to break the tie on Friday night.

The high man of the evening in ringer throwing was Hughes of the Senecas, who made 23. Prodiger was high point maker, with 71.

On Courts 1 and 2, the Terminals First and York Park teams split even. On Court No. 1, Bierley and Seth of the York Park team won 3 out of 5 from Terminals Rollins and Clark by scores of 21-11, 21-20, 21-21, 16-21 and 21-14. On Court 2, Terminals Mooney and McMahon won 3 out of 5 from Dougherty and Hall by scores of 12-21, 21-13, 12-21 and 21-5. High man, McMahon, 61 points and 15 ringers.

On Courts 3 and 4, the Pioneer Second and Hilltop A. C. team, taking seven of the games. On Court 3, J. Riggs and Aldridge won 4 out of 5 from Dempsey and Crawford by scores of 21-15, 21-21, 21-15 and 21-10. On Court 4, Back and W. Riggs won 3 out of 5 from Brady and Seibert by scores of 21-18, 21-16, 16-21, 21-21 and 21-13. High man, Aldridge, 58 points and 18 ringers.

On Courts 5 and 6, the Terminals Second won from Trinity. On Court 5, Terminals J. Cunningham and Ashworth won 4 out of 5 from Muesle and Strie by scores of 21-20, 21-13, 16-21, 21-11 and 21-16. On Court 6, the Trinity players, Prodiger and Chick, won 3 out of 5 from Cunningham and Schulz by scores of 21-20, 21-16, 17-21, 16-21 and the rubber 21-8. High man, Prodiger, 70 points and 20 ringers.

On Courts 7 and 8, the Senecas hosted their percentage by winning eight games from the Vulcans. On Court 7, Senecas E. Kitchin and O. Meyer won 4 out of 5 from Vulcans Mark and Mantell by scores of 21-12, 21-13, 21-9, 13-21 and 21-13. On Court 8, Senecas Hughes and Bobst also won 4 out of 5 from Vulcans Bolech and Beckman by scores of 21-5, 21-8, 21-9, 16-21 and 21-10. High man, Hughes, 61 points and 23 ringers.

The schedule for Friday, the final day of the tournament, will be as follows:

Hilltop Eagles vs. Senecas on Courts 1 and 2.

Chambers vs. Spring Street on Courts 3 and 4.

Campbell Avenue vs. Steel Plant on Courts 5 and 6.

Iron Men vs. Vulcans on Courts 7 and 8.

Pioneer First vs. Trinity on Courts 9 and 10.

Pioneer Second vs. Terminals First on Courts 11 and 12.

The Terminals Second and York Park teams will play off their tie on Courts 13 and 14.

Quality vs. Hilltop A. C. on Courts 15 and 16.

E. J. Schlicher has offered four knives for the members of the winning team. Heine Roth a pair of shoes to the one who makes the greatest number of ringers. A stick pin has been offered to the maker of the greatest number of ringers. In five games, these prizes will be awarded on the grounds, immediately after the close of the tournament.

There will be a meeting of the new Executive Committee on the Children's Home grounds on Tuesday evening at 6 o'clock.

NOT OVERCROWDED

One line of effort there are not enough workers to meet the demand. This is proved by advertisements seeking girls for housework. Notwithstanding that there is less demand for girls in stores and factories they are not rushing to the kitchen. The situation may be a puzzle but at the same time it is clearly a condition. Good wages and good meals and the other accommodations that go with the service do not appeal to the extent of making the supply equal the demand.

There seems to be but one remedy, and that lies in doing without the assistance of the maid. It is true, doubtless, that many families formerly accustomed to keep help have accepted the alternative. This has been made more readily possible by the introduction of appliances which lessen the need of doing by manual labor the more unpleasant work about the house.

Yet if a woman without special training, which would command for her a fairly large salary, is seeking that which offers the greatest financial returns housework promises probably greater income than anything else in which she can engage. Why, then, do so many avoid it? It is honorable as is any form of necessary work. Yet it is considered servile. Therein is the reluctance to engage in it. However, it is not really servile unless it is made so and that depends on the attitude both of the employee and the employer.

Some college girls, partly as a lark and partly to earn something to give them a bit more spending money in their senior year, waited on table at a resort hotel this summer. They took the matter philosophically when they were rudely reproved by guests who had not the education or breeding that the girls themselves possessed. They say they would not wish to be waitresses as a profession, though they enjoyed the experience. Perhaps girls of less education may not take to housework for like reasons. They will not yield to what they esteem servility.

PROTECTION FOR THE GENEROUS

REV. Dr. Wilbur F. Crafts, reformer, says that promoter and solicitors of many "anti" societies have molested thousands of dollars from people scared by "futurist" paintings of dreadful laws, and kept a good deal of the money. Probably he is right. The land is full of gullible people. But not all of them are "liberals" who empty their purses to fight "blue laws" that threaten only in the minds of the collectors. Americans are such free givers to all kinds of causes that they may be victimized right and left, often, though not dishonestly, by people actually concerned for conferring benefits on the needy of one kind or another.

A step should be put to haphazard movements calling for money donations. They are fruitful of waste and extravagance and sometimes of graft. There can be no more legitimate objection to an organization to combat "blue laws" than to one to promote them. People who support either are entitled to protection against predatory beings who capitalize the fears or the hopes of citizens to their own benefit.

new bracelet, and today I got the bill

for it."—Der Brummer.

Good Reason

"Looky yur Gap?" chided a friend.

"What in thunder makes you wear

gashaws in this hot weather?"

"Heez," replied Gap Johnson of

Ramparts Ridge, Ark. "I've grown so

glad you're late, that if I didn't wear

my I'd have to carry my britches in

my hand."—Kansas City Star.

His Position

Heard—My wife's commander-in-

chief in our house.

Poke—and you?

Heard—Oh, I'm only paymaster.

Wise Jottings

The nearer you get to greatness the

smaller it appears.

An ounce of help is worth several

pounds of talk about it.

Distance lends enchantment to one's

view of many stage headings.

When a man is looking for difficul-

ties he will try to find two where he

expects one.

Unless you have money to burn

don't try to keep the pot boiling in a

poker game.

With the advent of universal peace

there will be nothing left for the mil-

itary man but marriage.

Waiting

"Where did you get that chair?"

"Somebody gave it to me."

"Was he behind it?"

"I don't know yet."—Free Press.

Fired

"Hear about Bill being fired out of

his house yesterday?"

"Was he behind it?"

"Now, the place burned down."

Heredity

Hub—Sharp's baby is only 18 months

old and can talk.

Duke—Well, that is to be expected.

The baby's father is an insurance

agent and his mother is a woman!—

New York Sun.

Mean

She (during the quarrel)—You

never deserved a wife like me.

He—And I never deserved the rheu-

matism but I got it just the same.

Within The Law

Farmer—Can't you read? Didn't

you see the sign saying, 'No fishing

allowed on these grounds?'

Fisherman—That's all right, I'm

fishing in this creek, not on the

ground.

Q. Is it true that any part of the

ocean is fresh water?—A. S.

A. The Hydrographic Office says

that there are several places in the

different oceans of the world where

fresh water may be found. One of the

best known of these places is beyond

the coast of Miami, Florida. The

cause of this fresh water in the midst

of the salt ocean is a spring formed

by a subterranean river.

Q. Please advise me the per cent of

marriages that go on the rack of the

divorce court.—H. O. R.

A. In 1910 it was estimated that

the number of divorces was 112,036

(of these 24.1 per cent were granted

to husband; 68.9 per cent granted to

the wife. The marriages numbered

1,040,778.

Q. What religion has the most fol-

lowers?—G. M.

A. The religion which has the most

followers is Confucianism or Taoism.

The members number 210,000,000.

Q. What pitcher has struck out the

most batsmen?—F. W.

A. Walter Johnson of the Washing-

ton team of the American League

has struck out more batsmen than

any other pitcher in the history of

baseball. In a game on August 15,

1921, he struck out eight men, bring-

ing the total up to 2,775, surpassing

C. Young's record of 2,771 strikes-

outs.

Q. You state that the first aerial

mail delivery in the United States

was made in 1911, by E. L. Orington.

Did he make the trip alone?—H. W. S.

A. The Post Office Department says

that the Post Office pilot, E. L. Oring-

ton, made the first air mail delivery

trip alone.

Q. Who was the original maker of

Washington Pie?—E. C.

A. While it seems impossible to

trace Washington Pie to its original

maker, it is interesting to note that

recipes for it may be found in old

English cookbooks.

Q. When was a revenue tax first

put on whiskey?—J. C. R.

A. The first revenue tax on whis-

key dates back to March, 1791.

Q. What is the possibility of buy-

ing second-hand automobiles from

the War Department?—P. S.

A. The War Department says that

the only motor vehicles available for

sale are unserviceable ones. All ser-

viceable automobiles not necessary

for Army use are transferred to other

Government departments when need-

ed. The unserviceable cars are of-

fered of public auction, such sales

being advertised in advance in the

newspapers in which they are to be

held.

Q. Does Octavus Roy Cohen write

both detective and negro stories, or

does he employ an assistant to do

one kind for him?—I. M.
